CLASSIC ALBUMS LIVE

PERFORMS

PINK FLOYD

Dark Side of the Moon

Wednesday, March 1 at 8PM, 2023, \$35 - \$50

Remember when you used to listen to an entire album? When flipping the vinyl meant you were in store for more greatness? Founded in 2003, Classic Albums Live has quickly earned a stellar reputation for perfectly recreating classic rock albums in its entirety, reproduced to be as true to the original recording as possible, and without costumes or impersonators. The musicians go to great lengths to faithfully recreate every sound on the original album live on stage, note for note, cut for cut. Wednesday, March 1, 2023, will mark the 50th Anniversary of this legendary album. The concert includes the *Dark Side of the Moon* LP performed in its entirety followed by a set of Pink Floyd classic hits.

\$30 General Admission / 10Club Members \$15

So much science, so little time. . . Doktor Kaboom is having trouble picking his favorite science demonstrations, so he's bringing them all! Unfortunately, there are way too many to do them all in one show. The solution: The Wheel of Science! Doktor Kaboom has built a great big spinning wheel and labeled it with everything from optical illusions to chemical reactions to a homemade hovercraft, and more! At least a dozen fantastic demonstrations ready to go.

Wherever the wheel stops, that's what's next! Will we turn a water bottle into a rocket or catapult bananas across the stage? Electrocute a pickle or create artificial gravity? Who knows? No two shows will be the same. So, step right up, and let's spin that wheel! **Ages 8+**
