Amanda Selwyn Dance Fundraiser Mar. 2

Show with Gala Rates: \$250 & Patron-Level \$500

To celebrate 24 years, Amanda Selwyn Dance Theatre will premier an evening-length work entitled **Habit Formed. Habit Formed** explores how habits are created and broken in our lives. These habits can manifest strength, ease, and freedom and also create limits, boundaries, and affliction. Mounting physical structures, motif, and pattern will embody the ways in which we, as humans, are habit forming creatures. The structures will be unpacked over the course of the evening through a playful, athletic, and sensuous movement vocabulary. The ultimate journey of the work will tell a story of discernment, unpacking how we can be empowered by our habits and not impaired by them. **Habit Formed** will include Amanda Selwyn Dance Theatre's company of 10 dancers, costume design by Anna-Alisa Belous and Rob Dutiel, Lighting Design by Dan Ozminkowski, and Sound Design by Joel Wilhelmi. Selwyn is "a master at illustrating the symbiosis of sound and movement, the romance of motion and emotion..." raves *Inside NY*.

CUNY DANCE INITIATIVE

Amanda Selwyn/Habit Formed residency is part of the CUNY Dance Initiative, which receives major support from the Mertz Gilmore Foundation, the Howard Gilman Foundation, and the Stavros Niarchos Foundation. Additional support is provided by the Jerome Robbins Foundation, the Fan Fox and Leslie R. Samuels Foundation, and the Harkness Foundation for Dance. CDI is spearheaded and administered by the Kupferberg Center for the Arts at Queens College.

FAMILY EVENT

THE PEKING ACROBATS have redefined audience perceptions of Chinese acrobatics. They perform daring maneuvers atop a precarious pagoda of chairs and display their technical prowess at such arts as trick-cycling, precision tumbling, juggling, somersaulting, and gymnastics. They push the limits of human ability, defying gravity with amazing displays of contortion, flexibility, and control. THE PEKING ACROBATS are part of a time-honored Chinese tradition, rooted in centuries of Chinese history and folk art. Tradition demands that each generation of acrobats add its own improvements and embellishments; because of this, high honor is conferred upon those skilled enough to become acrobats. THE PEKING ACROBATS seek to uphold this rich and ancient folk art tradition, bringing it to new technical heights while integrating twenty-first century technology. In the words of Clive Davis of *The New York Post*, "THE PEKING ACROBATS are pushing the envelope of human possibility," combining agility and grace in remarkable feats of "pure artistry." All Ages.
